

# Photo Walk-about

Fall 2020 / IFA High School

## You will be completing this adventure individually:

- Please be aware of your surroundings, watch out for dangerous situations (DONT STAND IN THE ROAD) If at any time you run into a situation where you can not continue turn to your right and then continue instructions.

## Agenda

### Attendance and location start point assigned:

1. (What location were you assigned to start at?)

### Take a minimum of 3 photos at each stopping point.

2. Walk 10 steps away from the starting point, locate an interesting feature on the ground snap 3 photos.
3. Turn to your dominant hand side and walk 20 steps in that direction, investigate an interesting object or thing at bug level, take 3 photos.
4. Close your eyes spin in a circle 5 times and stop. Whichever direction you stoped at continue walking forward until you run into something gray and interesting. Take 3 photos of the gray interesting thing.
5. Turn 45 degrees and walk 15 steps. Take 3 selfies with the best background in your current location.
6. Turn to your non-dominant hand side and walk 30 steps. Take 3 of the most intriguing landscape photos you have at your current location.
7. Walk further away from the initial starting point location for 10 breathes, turn toward the starting point, and take the most AMAZING photograph of what you can see of it. (if you can see where you began)
8. At this point, you may return from your adventure. Thank you for your participation!

## Notes

- When you are back at your computer please upload images to the google classroom.
