

Student Self-Reflection

Artistic Behaviors

Original Art:

1. What evidence can you show that your own unique ideas were used in your work?
2. What was your source of inspiration and how did it influence your work?

Developed Art Skills:

3. What new techniques or processes were used for your project?
4. What skills were developed with the media used?

Convey A Message:

5. What message did you intend to convey to the viewer through your work?
6. What issues/viewpoint/emotions are you examining through your artwork?
7. How does the artwork convey who you are, what you believe or like?

Risk/Willingness To Try Something New:

8. What new thing did you try or do with this project? (techniques, processes, media/medium....)

Collaboration:

9. What was the most helpful feedback that you received from a peer about your project?

10. Who or what inspired you for this project or provided information that helped you?

Problem Solving:

11. What challenges did you face? Who helped you overcome those challenges and how?

12. What happened during your project that was unplanned, unexpected or a happy little accident?

Reflect:

13. When during the project did you step back and analyze your work?

14. When was consideration given and ideas explored before you used them on your project?

Global Awareness:

15. What artist or culture did you find inspiration from?

16. How did you use technology as a tool during your project?

17. How or what did you communicate to other artists/members during the art process?
